ABOUT NIT MANIPUR

National Institute of Technology Manipur, a centrally funded institution is set up to impart quality technical education at various levels of higher learning. It is one of the ten new NITs established and developed as the "Institute of National Importance" by an act of Parliament in 2007. The Institute has the responsibility of providing high-quality education in Engineering, Technology, and Sciences to produce competent technical and scientific manpower for the country. The Institute offers B Tech, M Tech, M.Sc, and Ph.D. programmers in several disciplines of Engineering, Technology, and Sciences.

ABOUT THE COURSE

The course will help in easy designing and development of analog circuits.

OBJECTIVES OF THE COURSE

This short Term Training Program (STTP) is designed for faculty/professionals/students who are willing to sharpen their circuit design concept and development skills. In addition, this program includes extensive hands on laboratory training emphasizing the demonstration and application of circuit design.
